

YOUR HANDS

1.Strophe

Pleas Remember this pretty year
Your hands touch us softly
Dancing so gently and clear
We havn't any fear, no fear

Refrain

In your hand, your tender hand
I can feel and see
Your soul, your heart and
Everything you have done for me

Strophe2

Children in your motherly hands
Your love and tender power
They grew up lovely
All over the land, all over the land.

Refrain

In your hand, your tender hand
I can feel and see
Your soul, your heart
Everything you have done for me

Strophe3

Building a new home for us,
Working, celebrating and loving,
With your hands, day by day,
These delicate hands, delicate hands.

Refrain

In your hand, your tender hand
I can feel and see
Your soul, your heart
Everything you have done for me.

Outro

I Touch them day and night,
It`s your Hand, in my hand.
I feel good, so good
Never let them go,
Today, tomorrow till the end,
Never let them go,
Never let them go,
Oh no,
never let them go
